**Subject:** U.S. CCPR Interest Group - September Meeting & Call for Nominations

U.S. CCPR Interest Group Members,

We typically convene a U.S. CCPR Interest Group Meeting in September to kick-off planning for the upcoming CCPR (i.e., CCPR-52) and wanted to let you know we will tentatively schedule the meeting for **September 25 @ 3-4pm EDT**. Further details on the meeting agenda will be provided, but the meeting will likely include discussion of CCPR nominations, electronic working groups (EWG), JMPR, and other planning activities.

In addition, we also wanted to make you aware that CCPR Schedule & Priority List EWG has issued its annual broadcast letter requesting nominations for 2021 and beyond (*See Attached*: broadcast letter + draft CCPR52 schedule/priority list). As with previous years, the U.S. Delegation will be coordinating the submission of U.S. nominations. Please contact us if you are interested in submitting a nomination and follow the instructions below.

**CCPR Call for Nominations**

*U.S. Stakeholder Instructions*

The Codex Electronic Working Group (eWG) on Priorities has requested additional nominations to the Priority List of Pesticides from the U.S. Delegation, to be considered at the next CCPR meeting. Nominations are due to CCPR by **November 30**. Please aim to submit nominations to the US Delegation on or before **November 8**. To submit a nomination for consideration by the US Delegation to CCPR, please respond electronically to David Miller

([Miller.DavidJ@epa.gov](mailto:Miller.DavidJ@epa.gov)) and Aaron Niman ([Niman.Aaron@epa.gov](mailto:Niman.Aaron@epa.gov)) and fill out the attached nomination form. Please also review the draft Priority Lists of Pesticides attachment for any updates (commodities, field trial information, etc.) or opportunities to reschedule currently scheduled compounds.

Information on the CCPR schedule and priority list is provided in the attached letter and Excel spreadsheet and also available on the “**CCPR-Priorities-2019**” Forum on the [Codex IT Platform](#). As described in the eWG broadcast letter and summarized below, the 2020 schedule is closed and open for nominations for 2020 and beyond.

CCPR Annual Schedule	Open for Nominations
<b>2020 Normal JMPR Meeting</b>	<b>Closed*</b>
<ul style="list-style-type: none"> <li>• <b>New Compounds:</b> Six new compounds are confirmed on the EWG schedule/priority list (Pyridate, Pyrasulfutole, Tetranilprole, Pyraziflumid, Flutianil, and Mefentrifluconazole).</li> </ul>	
<ul style="list-style-type: none"> <li>• <b>New Uses &amp; Other Evaluations:</b> 20 of 20 reviews spots are confirmed on the EWG schedule/priority list. Ten additional reviews have been designated as RESERVE compounds and may be added to the schedule/priority list.</li> </ul>	
<ul style="list-style-type: none"> <li>• <b>Periodic Reviews:</b> Six compounds are listed for periodic review: Carbaryl (008), Terbufos (167), Aldicarb (117), Metalaxyl-M (212) + Metalaxyl (138), Fipronil (202), and Methidathion (51). Advice concerning the availability of data for aldicarb and the RESERVE compound, quitozene is required as soon as possible but no later than the October JMPR data call-in</li> </ul>	
<b>2021 Proposed Schedule</b>	<b>Open</b>
<ul style="list-style-type: none"> <li>• <b>New Compounds:</b> Four of eight review spots for new compounds are confirmed on the EWG schedule/priority list. Evidence of national registration has only been provided for one compounds, so the schedule/priority list may be subject to change.</li> </ul>	
<ul style="list-style-type: none"> <li>• <b>New Uses and Other Evaluations:</b> 15 of 20 review spots are currently designated on the EWG schedule/priority list. Evidence of national registration has only been provided for nine of these compounds, so the schedule/priority list may be subject to change.</li> </ul>	
<ul style="list-style-type: none"> <li>• <b>Periodic Reviews:</b> Six compounds are listed for periodic review: Fenbutatin oxide, Guazatine (114), Pirimicarb (101), Bromide ion (47), Permethrin (120), Dithiocarbamates (105). The quota of six is exceeded for the 2020 schedule which currently lists six compounds plus four RESERVE compounds. As a result, at least four compounds are expected to be eventually moved to the 2021 schedule, or later.</li> </ul>	
<b>2022 &amp; Beyond</b>	<b>Open</b>
<ul style="list-style-type: none"> <li>• Nominations will be accepted for new compounds and new uses/other evaluations.</li> </ul>	

\* Subject to agreement by the JMPR Secretariat, and in consultation with the nominating country / manufacturer, commodities may be added or deleted for both new compounds and ‘new use evaluations’ listed on the 2020 schedule.

#### **Additional Instructions:**

- We ask that nominators fill out the attached blank nomination form, including the table at the top.
  - For new chemical nominations, additional uses for scheduled compounds, or additional uses for compounds not currently scheduled- Please complete and return the attached nomination form. A complete nomination form is especially important for chemicals that have not been reviewed by JMPR in the past.
  - If you are a commodity representative/grower, please provide the following information in lieu of the nomination form: Contact, chemical requested, commodity, pest issue, and any other relevant information. The U.S. Delegation will work with registrants/IR-4 to determine available data and support for any of these requests.

Regards,

**Aaron Niman**
